About Us

FocusU Engage is one of India's leading names in the field of learning and OD interventions. The inspiration behind FocusU is a quote from Walt Disney: "Laughter is no enemy to learning".

"To enable people & teams be more through meaningful learning."

This is the mission that has driven us over the years and made us a name that L&D stakeholders across more than a 900+ corporates place their faith on to deliver every single time.

We solve two big problems for our clients.

- Learner engagement: When a learning intervention is not customised, learners are not engaged.
- Application of learning: Without learning transfer, investments on training deliver very less ROI.

We believe one size never fits all. Hence for each engagement, we take time to understand the need deeply. We ask a lot of questions and at times push back against what we think are unrealistic expectations from a training program. But eventually this helps our clients and us arrive at a shared understanding on how we can create tangible impact for the business. Only then do we proceed to designing the learning intervention. And we own it end-to-end in terms of content, delivery, communication and program management.

Our learner-centricity is not an empty promise. We have backed it up from our founding days more than a decade and a half ago, with an unconditional promise to our customers that we call, "Happy or Free."

Every year, we conduct around 1000+ learning workshops – that touch the lives of over 40,000 employees. As our tagline says, we hope to inspire each person we touch to #BeMore.
